

## 2015 Bone & Joint Research Retreat

Start Time	AGENDA ITEM	PARTICIPANTS	LOCATION
<b>May 5th</b>			
<b>MSK Trainee Community</b>			
<b>University Community Centre - Western University</b>			
7:30	Coffee		Student Council Chambers, 3rd Floor
7:50	<b>JuMP Summer Student Orientation Session</b>	JuMP Summer Students	Student Council Chambers, 3rd Floor
8:00	<b>Welcome</b> <i>Shannon Woodhouse</i>	MSK Trainees	Student Council Chambers, 3rd Floor
8:05	<b>"Who's the lucky one?, What this program can mean to you ."</b> <i>Yara Hosein and Jim Dickey</i>	MSK Trainees	Student Council Chambers, 3rd Floor
8:15	<b>Procrastination: "How to stop being the PRO in Procrastinator "</b> <i>Speaker - Kim Cullen</i> Have you ever thought any of the following: How do I get started?; What if my idea stinks? But - it's not ready to share until it's perfect; Where can I find the time to finish?; How do I finish it now that I hate this thing?; or, I'll do it tomorrow...  If you see yourself in any of those statements then you might be a PROcrastinator. This session will help you learn more about what procrastination is (and what it isn't) and provide several concrete strategies to help you get things to DONE.	MSK Trainees	Student Council Chambers, 3rd Floor
9:45	<b>Media Relations "Telling your research story "</b> <i>Speakers from Western Communications</i> Western's Media Relations team will provide an overview of why telling Western's research stories is important, how to tell our stories and share practical advice on how best to interact with the media. Time will also be allotted for a group discussion about individual students' projects and how these stories might be shared with the broader public through the news media	MSK Trainees	Student Council Chambers, 3rd Floor
10:45	<b>Networking break</b>	MSK Trainees	Student Council Chambers, 3rd Floor
11:15	<b>"Research Integrity"</b> <i>Speaker - Tom Drysdale</i> There is evidence that misconduct in science is increasing. In this session, we will look at some of the common causes of unethical behaviour and try to understand what causes it. We will go through specific things that you can do to prevent and deal with unethical behaviour. Several scenarios will be discussed to demonstrate the importance of ethical behaviour to both the individual and the process of scientific inquiry.	MSK Trainees	Student Council Chambers, 3rd Floor
12:15	<b>Lunch &amp; Learn "Mentorship in Research"</b> <i>Speaker - Nancy Lane (UC Davis)</i>	MSK Trainees	Student Council Chambers, 3rd Floor
2:00	<b>Dr. Suzanne Bernier Memorial Lecture</b>	MSK Community	McKellar Room - UCC
4:00	<b>Bernier Reception</b>	MSK Community	The Wave
